

# Support Caritas Brno & Enjoy a Thank-You Cake

## 7–8 October 2025

Hospice Cake helps provide dignified care for people at the end of life. **More than 80% of us would wish to spend our final days at home**, surrounded by our loved ones. Your support through **Hospice Cake makes this possible.**

This year, the appeal will support home nursing care in Brno, the furnishing of a new palliative room at the Home of Peaceful Ageing Kamenná in Brno, and the inpatient hospice in Rajhrad.

**Help us create a place where people can live their last days with peace, dignity, and the closeness of their loved ones.**

Mrs Alena spent many years at the Home of Peaceful Ageing Kamenná in Brno, as her family could no longer care for her because of severe dementia and the gradual loss of mobility. Her greatest wish was to live out her final days there, in a place she truly felt was home, surrounded by familiar faces she loved. Thanks to the care she received, she did not have to spend her last moments in an anonymous hospital room. She remained with us, cared for with kindness, compassion and the closeness of family. Towards the end of her life she could no longer eat solid food. Carers gave her small amounts of liquid food and helped her breathe with oxygen. What she needed most was silence and calm. Although she was close to her roommate, the regular visits from another family in the shared room became exhausting for her.

**That is why we want to create a dedicated palliative room – a place of privacy, quiet and dignity, where people can spend their final days in the loving presence of those dearest to them.**
